Product highlights

High purity copper

This copper conductor provides high accuracy in signal transfer with minimal resistance.

Dense conductor

A more dense construction of copper facilitates better signal transfer.

Colour coded cables

Tinned copper and bare copper conductors provide easy polarity identification.

Plug & Play

Plug & Play gives you the ability to install or add a new component and have it work without having to perform any complex installation procedure or technical analysis.

Flexible PVC Jacket

Flexible PVC jacket provided protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Lead-free construction

Lead-free construction of environmentally friendly materials.
